Dental Instrument — Examination set

Category product list

Examination set

Examination set

The Dental Examination Set – Hollow Handle Style is a premium diagnostic instrument set designed for dentists, dental hygienists, and clinical professionals. Crafted from high-quality surgical-grade stainless steel, the hollow-handle construction provides a lightweight feel, improved balance, and enhanced comfort during extended procedures while maintaining exceptional durability and corrosion resistance. Ideal for routine oral examinations, diagnostic assessments, and everyday clinical use.

What's Included : Mouth Mirror – Clear reflection for enhanced intraoral visibility. Explorer (Dental Probe) – Fine, sharp tip for detecting caries, calculus, and surface irregularities. College Tweezers (Cotton Pliers) – Precision handling of cotton rolls, gauze, and small dental materials.
